Eligible Buggies

The following buggy lists are to guide participants when entering Revival 2020. The lists aren't exhaustive so if you don't see a buggy you'd like to run or have a general query, please contact john@iconicrc.com or ask the question on the Iconic Facebook Group: <https://www.facebook.com/groups/iconicrc/> A huge thank you to Robert Jaques, Terry Cresswell and Mike Haswell for helping me compile the lists. John.

There are six Iconic 2WD classes and four Iconic 4WD classes.

2WD 1977-1982	4WD 1977-1986
2WD 1982-1984	4WD 1987-1988
2WD 1984-1988	4WD 1989-1993
2WD 1989-1993	4WD 1994-1998
2WD 1994-1998	
2WD-T 1989-1998	

Rules are very relaxed for Iconic RC vintage off-road events with the emphasis on having fun and raising money for charity.

- Electrics, shocks, slippers, wheels and tyres are open and we welcome modifications and customisations that reflect those made back in the day.
- 2s LiPo limit.
- Re-released buggies, such as the recent models from Tamiya, Team Associated, Kyosho and Schumacher are eligible in their original release category. Please note that the Tamiya DT-02 Holiday Buggy 2010 and Sand Rover 2011 are not eligible because they have a modern chassis base.
- Maximum buggy width is 250mm. There will be a box that the buggies (not the 2WD truck class) will need to fit into and they will be checked by a marshal after each heat and final.
- In 2WD, transmission orientation/motor position must be the same as the original factory production kit.

We don't expect entrants to run, for example, newer arms on an older buggy. If a buggy does have newer vintage parts then it should be entered into a later class. With so many permutations, we are unable to scrutineer everything at events and expect entrants to police themselves. If a buggy isn't in accordance with the Iconic spirit, then report it at the event.

If you're concerned about your buggy's eligibility, contact John Weston before the event and the Iconic team will assess it.

Class changes since Revival 2019:

- The earliest three 2WD Classes have been adjusted.
- If you enter into the earliest 2WD Class, 77-82, you'll be contacted to determine whether your buggy is Standard or Modified. Within that class, there will be trophies for Standard and for Modified buggies.
- There will be a separate 2WD Truck Class at Revival 2020. 2WD-T 1989-1998

Transponders

You will need a transponder to race at the Revival. BMR use a MYLAPS RC4 Decoder. The Purcy transponder will work but the older MRT's won't. All MYLAPS/AMB transponders will work. All newer MRT's that flash first will work. More help: https://youtu.be/SiQC_P72sfk

Batteries

You will need to provide your own source of power for recharging of batteries. Generators may be used but please try to position them so they are out of harm's way and so they are not an annoyance to other people attending the meeting. Please charge LiPo's in a fire sack.

Radio

Please consider using GHz radio for an easier day. If you are running MHz radio, please state which crystals you have when you register online so they can be put into the race computer.

Further Information

Charity Raffle

There will be a Saturday raffle and a Sunday raffle with some incredible prizes donated by sponsors and members. Raffle tickets will be £5.

Icon of the Day Award

This award will go to the most stand-out or unique buggy racing on each day.

The Brett Davis Newcomer Award

This special trophy will be presented on each day to who we feel made the best Revival debut.

The Schumacher Racing Daniel Rowlands Revival Veteran Award

This special award, presented on Sunday lunchtime, will go to an entrant who has made a notable contribution to the Revivals over the years.

When you arrive

Please book in ASAP at Race Control. You will keep the same buggy number throughout the weekend.

Qualifying Heats

There will be one practice round in heat order. There will then be 4 Rounds of staggered start 5-minute Qualifying Heats for each class.

Marshalling

All drivers must Marshall the heat immediately after their own heat.

Finals

The driver's best 2 heat times out of the 4 will determine grid position in the final. There may be A, B, C etc finals per class depending on entry levels.

Race of Champions

The top 2 drivers from each buggy class A final enter into the prestigious Race of Champions. This will see all classes, except the Truck class, fighting it out on track at the same time from a staggered start. The winner of the Race of Champions is crowned the event champion. There will be a 2WD Champion and a 4WD Champion.
